

GOETHES  
GENIUM

The image shows the front cover of a book, bound in dark brown leather. The cover is intricately embossed with a central decorative motif. This motif consists of a large, vertically oriented, four-lobed frame with rounded corners and pointed ends. Inside this frame, there is a smaller, horizontally oriented frame with a similar four-lobed shape. Within this inner frame, the words "GOETHES" and "GENIUM" are embossed in a serif font, stacked vertically. The background of the cover, between the outer and inner frames, is filled with a fine, repeating diamond or cross-hatch pattern. The entire design is rendered in a slightly raised, embossed style against the leather background.
